Biblio VET Curriculum and Methodology

Biblio Project Online Event, March 31

BOOSTING DIGITAL SKILLS AND COMPETENCES FOR LIBRARIANS

Dr. Māra Jākobsone, DMG

Deliverables supporting the implementation of the project

VET Curriculum

VET Methodology

Training toolkit

Competence based modular
VET curriculum for particular job role profiles

Based on learning outcomes and principles of adult education for realizing modular VET curriculum

Describes various ways of implementing the methodology

Modular VET Curriculum

- **Mainly addresses EQF level 5**
- Includes **digital, entrepreneurial and transversal competence** modules
- Job roles and modules definition basis:
    - Discussion by partners
    - Analysis of research results
    - European Competence framework requirements
- Languages: EN, IT, GR, LV, BG
- Final version: 10.2022
- Electronic version published on-line

Job role profiles and training modules

Profile 1: Community engagement and communication officer (CECO)

Profile 2: Digital transformation facilitator (DIGY)

During the project we will develop:

- 20 modules for digital competences (mapped into DigComp framework levels 5 - 8)

- 18 modules for entrepreneurial and transversal skills (mapped e.g. within the EntreComp framework levels 5 - 6 and European e-Competence framework levels 4 - 5)

Digital content and OER's: digital OERs that support the acquisition of 38 competencies

Co-funded by the
Erasmus+ Programme
of the European Union

Profile 1: Community engagement and communication officer

Digital competence modules

Introduction to digitalization	Netiquette
Browsing, searching, and filtering data, information, and digital content	Managing digital identity
	Digital tools and digital content development
Identifying and evaluating data, information, and digital content	Copyright legislation
	Basic principles of data safety and security
Managing data, information, and digital content	Protecting data and content
Interacting through digital technologies (online meetings)	Protecting personal data and privacy
	User support (Identifying needs and responses)
Collaboration and sharing through digital technologies	Problem/ crisis management
	Competency management
Digital citizenship	**In total: 17**

Co-funded by the
Erasmus+ Programme
of the European Union

Profile 1: Community engagement and communication officer

Entrepreneurial and transversal competence modules

Spotting opportunities	Change management (Change support)
Project management	Marketing and promotion

	In total: 18

Co-funded by the
Erasmus+ Programme
of the European Union

Profile 2: Digital transformation facilitator

Digital competence modules	
Introduction to digitization	Basic principles of data safety and security
Managing data, information, and digital content	Protecting devices
Interacting through digital technologies (online meetings)	Protecting data and content
Collaboration and sharing through digital technologies	Protecting personal data and privacy
Managing digital identity	User support (Identifying needs and responses)
Digital tools and digital content development	Problem/crisis management
Copyright legislation	IT skills and troubleshooting
Programming	Competency management
	In total: 16

Co-funded by the
Erasmus+ Programme
of the European Union

Profile 2: Digital transformation facilitator

Entrepreneurial and transversal competence modules

Spotting opportunities

Project management

Strategic thinking (Business plan development)

Valuing ideas

Mobilizing resources

Taking the initiative

Learning through experience

Change management (Change support)

Sales development

Time management

Risk management

Design thinking

In total: 12

Methodology for realizing VET Curriculum

- **485 hours total, consisting of approx. 40 modules**:
  - **Massive Open Online Course (MOOC) 80 hours**
  - **Specialization course:**
    - **Blended Training – in total 240 hours** (20h assessment):

      Classroom training (20h)

      Online classes and self-study (160h)

      Project-based learning (40h)
    - **Work-based learning – in total 165 hours** (5h assessment)

Languages: EN, IT, GR, LV, BG

Final version: 10.2022

Electronic version published on-line
Training toolkit

- Capitalizes on the full potential of various learning settings and apply EQAVET principles

- Describes various ways of implementing the methodology in different settings and for different audiences

- Incorporates the specification of recommended procedures to validate:

  o informal and non-formal learning of the professionals of the libraries, and

  o guidelines for applying EQAVET principles and procedures

Languages: EN, IT, GR, LV, BG

Final version: 10.2022

Electronic version published on-line
