

Stati Generali dell'Innovazione (SGI)

Core competencies & Working Groups

- Not-for-profit association (**2011**) to ease shared perspective for innovation policies
- Interdisciplinary approach for “**innovation**” -- **STEAM** (Science, Technology, Art, Engineering, Maths) & **MESH** (Media literacy, Ethics, Sociology, History) experts

Augmented, Virtual (eXtended) Reality (XR)

User Interface / User Experience

Machine Learning / Artificial Intelligence (AI)

Blockchain / Distributed Ledger Technology

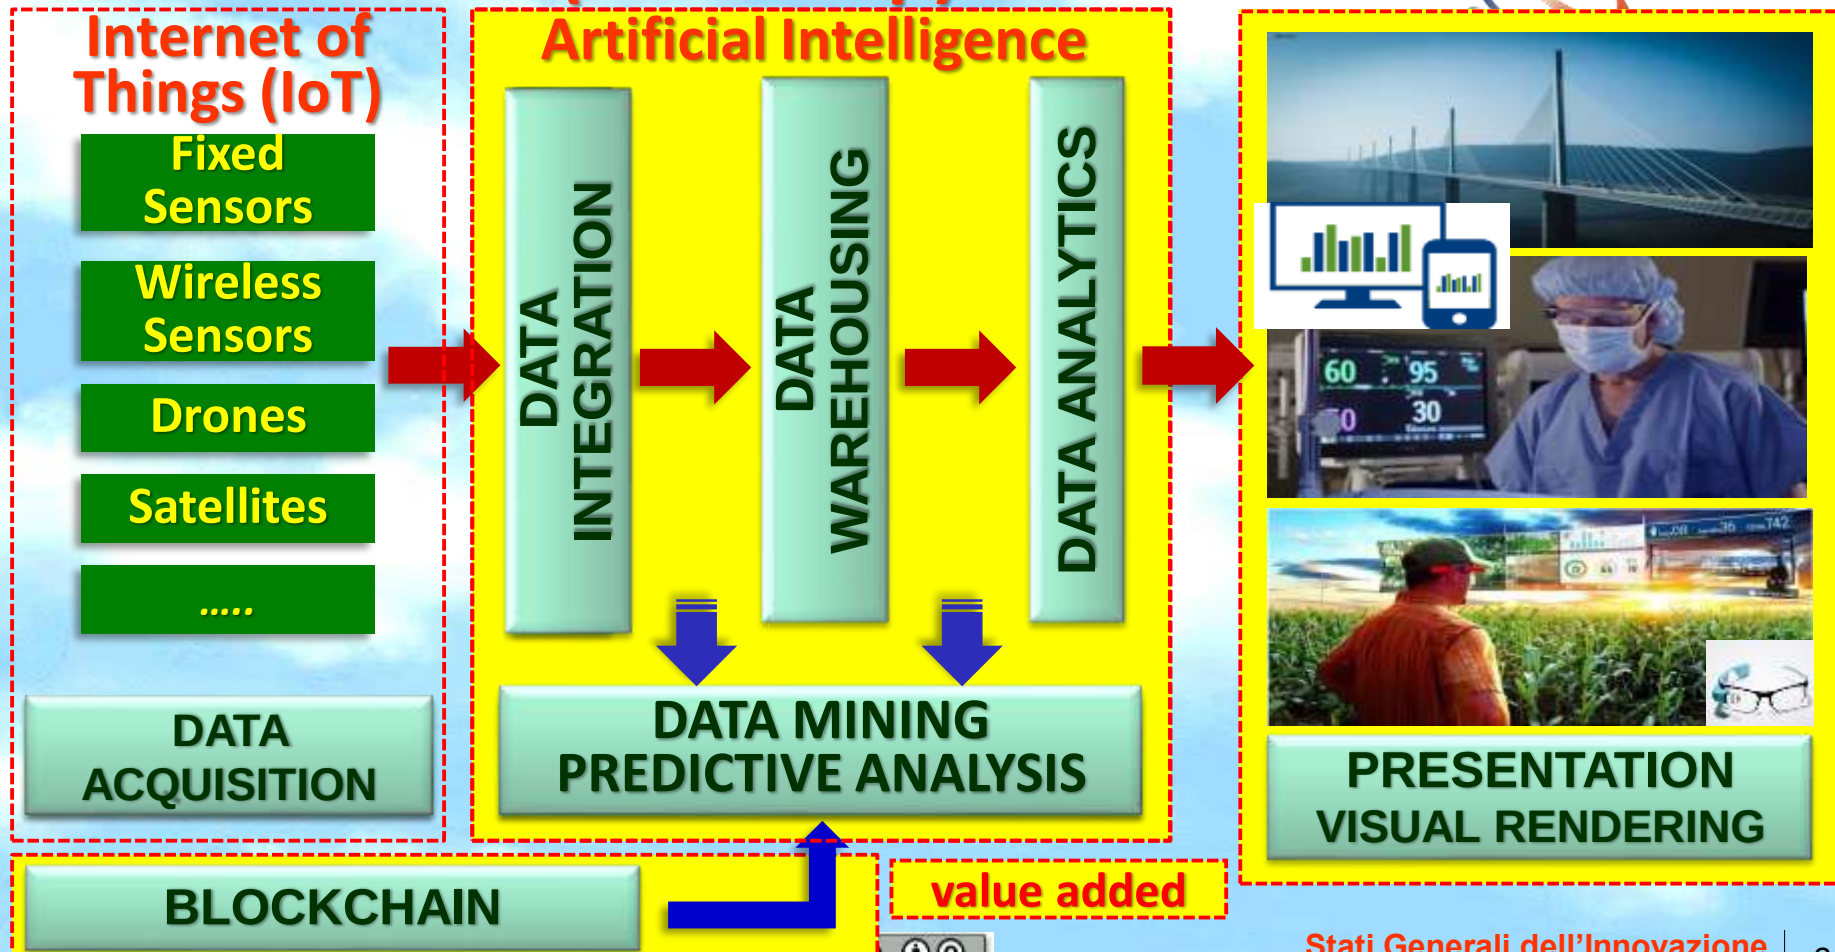

Internet of Things (IoT)

Geo-Spatial Revolution -- Geo Inform. Systems (GIS), Spatial Data Infrastr. (SDI), Copernicus, ...

Fixed / Mobile BB Infrastructures (NGA / 5G)

- [Blockchain-based applications](#)
- [Data Management – AI / Machine Learning](#)
- Digital Cultural Heritage
- [Education & Training \(«SGI Academy»\)](#)
- [Ethics & Innovation](#) – Data / Platform Ethics, new jobs, ...
- [Geo-Spatial Revolution](#) – EO / Copernicus, AI, digital twins
- [Internet Bill of Rights / Net Neutrality](#)
- [IMPREM](#) – Infrastructure Monitoring (SHM) for Predictive Maintenance
- [NGA](#) – Next Generation Access, Inventory Mapping
- [Smart Cities / Communities](#)
- [SPlatMap](#) – Smart Platform for Multisector Apps

Smart Platform (SPlatMap)

SGI Academy ***for Digital Transformation***

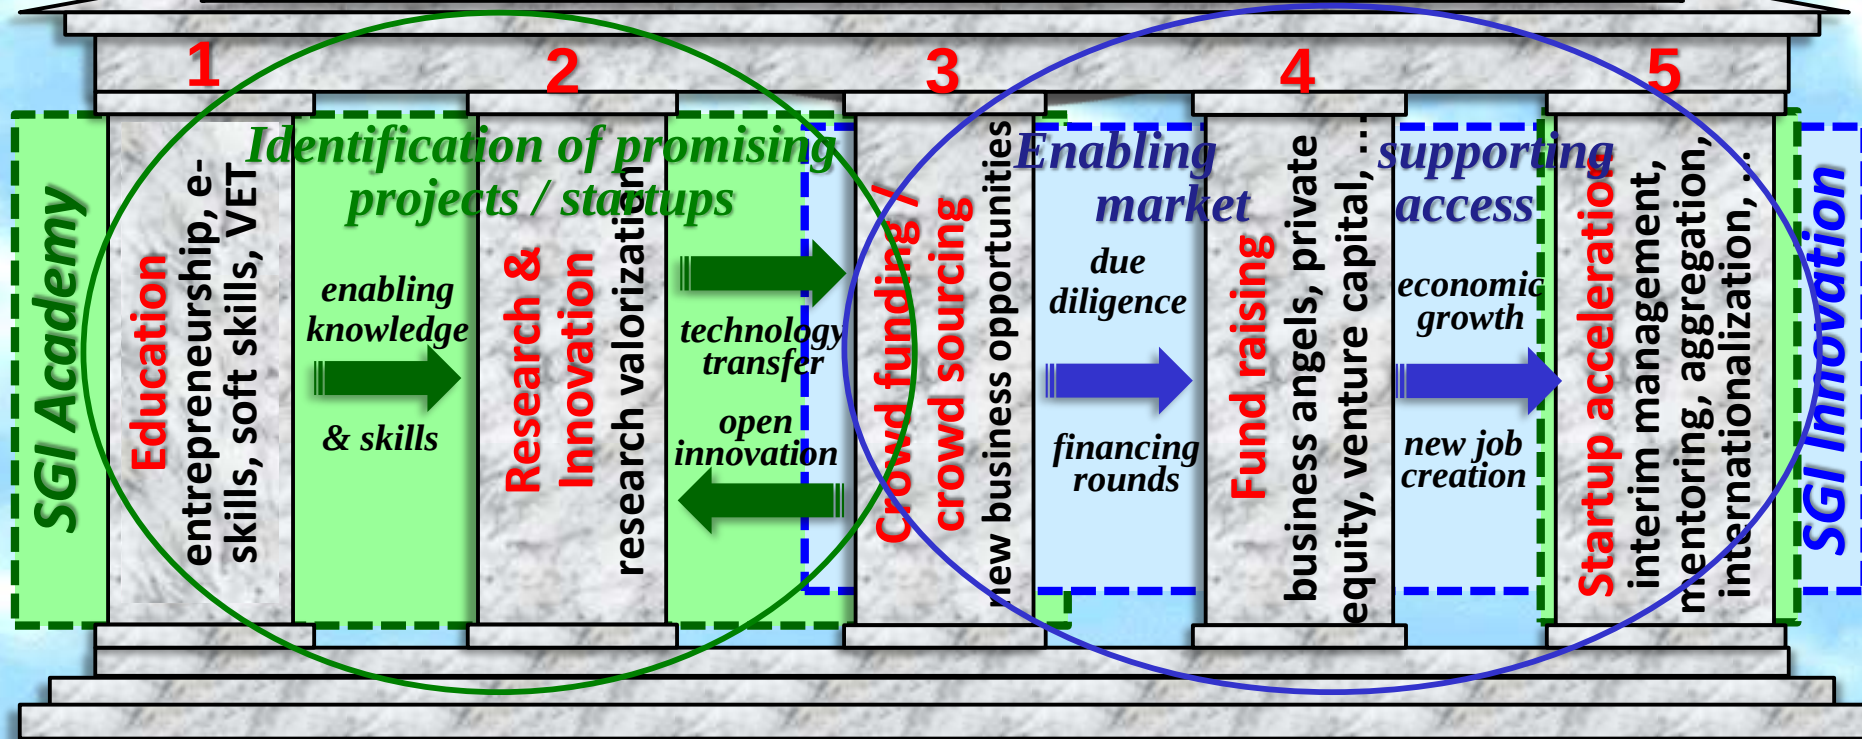

- **Education & Training** – Digital Skills, VET, ...
- **Mentoring** (*«from School to Market»*)
- **Open School** (Geo-spatial, EO, Copernicus, ...)
- **Communicating Science & Innovation**
- **Workshops & Seminars** on Innovation
Popularization / Dissemination (1-2 monthly)

SGI mentoring pillars

worldwide network

of senior advisors

crowdsourcing

Our points of strength – Multidisciplinarity / OSS Stati Generali dell'Innovazione

- **STE(A)M** (Science, Technology, Engineering, Arts & Maths) & **MESH** (Media literacy, Ethics, Sociology & History) experts emphasize the SGI **multidisciplinary** synergistic approach to **innovation**
- **Senior skills** on Education & Training, IoT, Broadband / 5G, Geospatials, Blockchain, eXtended Reality (XR), Data Management / Artificial Intelligence & Ethics ➔ **several hundred person-years**
- **Senior skills** on organization / business processes, institutional relations, technological, socio-economic and regulatory aspects
- **Senior Advisory Team** connecting **Education, Research, Innovation and Business** in **one stop shopping (OSS) mode**:
 - ✓ Education & Training – entrepreneurship, soft / e-skills, VET, ...
 - ✓ Senior Advisory, Technology / Market scouting & feasibility analysis
 - ✓ Promotion & Institutional lobbying - Problem solving / risk mitigation
 - ✓ Mentoring & project management; etc.

*“Stay away from negative people:
they have a problem for every solution!”
(Albert Einstein)*

***Thanks for your attention !!!
Looking for collaboration***
