New ALL DIGITAL Newsletter format!

Read the news from our Members and the updates on ALL DIGITAL projects!

Dear Reader,

We are happy to share with you the first Newsletter covering "**ALL DIGITAL Members news and ALL DIGITAL Project updates**".

This newsletter is a spin-off of the ALL DIGITAL Newsletter. We have decided to consolidate key news from our members and updates on the projects ALL DIGITAL is implementing to provide you with a coherent news outlet and potentially enhance their visibility. Explore the latest news from our members and discover the projects ALL DIGITAL is currently working on.

Yours sincerely,

ALL DIGITAL team

News from our members

Learning Innovation Summit (LIS) 2024: Call for Submissions is open until the 10th of June

MEGASKILLS: Can we use video games to train soft skills?

The [MEGASKILLS project](#) delved into the potential of video games for soft skills training in a thought-provoking webinar. From academic insights to real-world implications, experts explored the transformative power of gaming for personal and professional growth. The event illuminated gaming's role as an innovative tool in skill development. **Check the webinar [here](#).**

Conversion programme to acquire the digital skills needed by forward-looking careers

CONVERT: share your experience

As a part of the CONVERT project we are conducting a survey to identifying the ICT skills needed by the labour market and emerging jobs. Your experience and opinion will help us identify key areas for improvement and development of targeted training modules. [Share your experience here!](#)

The SMARTAgeCARE project is recruiting Ambassadors!

SMARTAgeCARE aims at building a Smart Ageing Ecosystem to effectively deal with changes associated with ageing (health, participation, resources, lifestyle, capabilities). The consortium is now **recruiting Ambassadors**, older adults who will follow their training and be engaged in project activities.

If interested in taking part in this initiative, please contact maddalena.buonamico@all-digital.org

To know more about the project visit [our website](#) and stay tuned on [Facebook](#) and [LinkedIn](#).

Empowering Educators: A Digital Literacy Revolution

The [IDEAHL project](#) co-organised with other EU projects a conference where they delved into how to empower citizens by enhancing their health digital literacy. The experts discussed the [European Digital Health Literacy Strategy](#) developed by IDEAHL.

See the conference [here](#).

The ENNE+ Project is coming to Umbria (Italy)!

This new project is ready to empower VET providers to drive transformative change in local communities through eco-innovation. The consortium will take part in the Social Hackaton Umbria 2024 in the beautiful Umbria region, Italy!

Stay tuned to our social media channels for more details! Together, let's make a difference!

The EAGLE project has started the trainings!

The project aims to create an educational methodology for adult educators that incorporates the principles of andragogy. The consortium is now developing a training for educators, covering 3 key topics: Green Skills and Sustainability, Employees' Rights in Teleworking and Digital Skills for Adult Educators.

To know more, visit [here](#).

[Facebook](#) and [LinkedIn](#).

Social Economy
Transition Skills

Fostering the Green and Digital Transition of Social Economy Organisations

The [SETS project](#) collaborated with baSE, DIGITS, Young Ambassadors, and Open Food Network to spotlight innovative initiatives for Social Economy Organisations. Bridging green and digital skills gaps, empowering SEOs and TCN women, and promoting digital social innovation were key focuses, showcasing a unified effort towards a sustainable transition. See video [here](#).

How to foster gender inclusive gaming education?

In this event, the [NuGamers](#) project spearheaded gender inclusivity in gaming education, introducing the audience to the project findings related to their most recent research on perceived barriers faced by women when they want to study STEM disciplines. The work done with focus groups will help us on the path to innovating the way VET providers in the gaming sector organise and implement their orientation activities and their curricula.

ALL DIGITAL Weeks Closing Event

The official part of the ALL DIGITAL Weeks awareness campaign [ended on 31 May](#), marking another successful year of promoting digital education and inclusion across Europe. Though we have still some ongoing activities!

We invite you to [hear the inspiring stories and experiences from our national coordinators](#) and discover the significant impact the campaign had across Europe.

[Register now here!](#) Don't miss this insightful event!
